

An approved provider to DET under DETSOA75639

Appsence is the most comprehensive electronic attendance system available

Appsence is **unrivaled in its functionality**. With **real-time SMS, email and in-app absence notifications**, Appsence offers three-way **interactive absence management** connecting teachers, parents and students whilst **automating your processes** as well as **reducing administrative tasks**. Offering powerful analytics that goes above and beyond, Appsence includes seamless '**one-touch**' imports/exports with **OneSchool** and a **mobile experience** that our competitors can only dream of.

What do we offer?

- **Connect** your school community
- One-tap **roll marking**
- **Instant absence notices** (SMS, email and app)
- **Submit absence** from mobile devices
- Real-time **student timetables**
- **Interactive forms** and communication
- **Custom menus** for staff, parents and students
- **Elimination** of paperwork
- Bulk **emergency notifications**
- and **so much more!**

Why Appsence?

- **Enhance** student safety
- **Automate** absence management
- **Decrease** administrative tasks
- **Increase** face-to-face class time
- **Reduce** truancy
- **Connect** your school community
- **Reduce** administrative costs

Does your school have **50 or less students**? Then implement **Appsence for free!** Enquire about our **Community First** program where we waive implementation costs.
